3.3 Other Hazards

Adverse physicochemical properties
Adverse effects on human health
Pbt or vpvb according to Annex XIII

Causes serious eye irritation.
Harmful to aquatic life with long-lasting effects.

Wash ... thoroughly after handling.
Avoid release to the environment.
Rinse cautiously with water for several minutes. Remove contact Lenses, if present and Easy to do. Continue rinsing
Get medical advice/attention.
Get medical advice/attention.
Take off contaminated clothing and wash before reuse.

4. First Aid Measures :

4.1 Description of first aid measures

General Information
After inhalation

After Ingestion

After skin contact

After Eye Contact

4.2 Most important symptoms and effects, both acute and delayed

4.3 Indication of any immediate medical attention and special treatment needed

Always remove contaminated clothing immediately.
Get medical attention immediately. Remove from exposure site to fresh air, keep at rest, and obtain medical attention.
Get medical attention immediately. Immediately call the doctor. Rinse mouth with water and obtain medical attention.
Remove contaminated clothes. Wash thoroughly with soap and water.
Contact physician if irritation persists.
Flush immediately with water for at least 15 minutes. contact physician if symptoms persist.

None

Treat symptomatically and supportively.
Treatment may vary with condition of victim and specifics of incident.

5. Fire Fighting Measures :

5.1 Extinguishing media

Suitable extinguishing agents

5.2 Special hazards arising from the substance or mixture

5.3 Advice for fire-fighters

Special protective equipment for fire-fighters

Foam, Co2, Dry Chemical Powder.

Burning produces irritating, toxic and obnoxious fumes.

Wear positive-Pressure self-Contained breathing apparatus (scba) and appropriate protective clothing.

• Phone : 079 4039 7289, Email : info@evazinternational.com, Web : www.evazinternational.com.

6. Accidental Release Measures :

6.1 Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation of the working area, evacuate personnel to safe area, wear suitable protective equipment. No smoking, sparks, flames or other sources of ignition near spillage. Avoid contact with skin, Eyes and clothing. Avoid inhalation.

6.2 Environmental precautions

Do not discharge into drains, water courses or onto the ground. Dispose of in line with local authority guidelines.

6.3 Methods and material for containment and cleaning

Remove ignition sources. Provide adequate ventilation. Avoid excessive inhalation of vapours. Contain spillage immediately by use of sand or inert powder. Dispose of according to local regulations. Cover with an inert, inorganic, non-combustible absorbent material (e.G dry-lime, sand, soda ash).

6.4 Reference to other sections

Refer & consider section 8,7,13

7. Handling and Storage :

7.1 Precautions for safe handling

Handle in accordance with good hygiene and safety practice. Keep containers sealed when not in use. Prevent spills & leaks to avoid slip hazard. Always wear personal protective clothing (refer to section 8). Do not eat, drink, sniff or smoke whilst handling this product. Provide suitable mechanical equipment for the safe handling of drums & heavy packages.

7.2 Conditions for safe storage, including any incompatibilities

Keep the product container tightly closed, in a dry, ventilated area. Keep away from potential sources of ignition and protected from light. Maintain limited contact with oxygen.

7.3 Specific end use(s)

No further relevant information available.

8. Exposure Control / Personal Protection :

Additional information about the design of technical systems

No further data; see item 7.

8.1 Control parameters

None

8.2 Exposure controls

Wear protective gloves/eye protection/face protection. Avoid contact with eyes. Wear approved safety goggles. (en166)

Wear protective gloves/eye protection/face protection.

Under normal conditions of use and where adequate ventilation is available to prevent build up of excessive

Vapour, this material should not require special engineering controls. However, in conditions of high or

Prolonged use, or high temperature or other conditions which increase exposure, the following engineering

Controls can be used to minimise exposure to personnel: a) increase ventilation of the area with local exhaust

Ventilation. B) personnel can use an approved, appropriately fitted respirator with organic vapour cartridge

Or canisters and particulate filters. C) use closed systems for transferring and processing this material. Also Refer to sections 2 and 7.

Hand Protection

Hygiene Measures

Engineering Measures

Skin protection

Personal protection

Other protection

Process conditions

Environmental exposure controls

Good personal hygiene practices are always advisable, especially when working with chemicals / oils.

Provide adequate ventilation

Wear protective clothing to reduce the risk of skin and eye contact.

Avoid inhalation of the product. avoid contact with skin and eyes.

Wear suitable protection to avoid contact with skin and eyes.

Ensure area is well ventilated. avoid vapour inhalation.

Avoid discharging into drainage water. prevent from entering sewers, basements and workpans, or any place where its accumulation can be dangerous. only eliminate by authorised companies

9. Physical & Chemical Properties :

9.1 Information on basic physical and chemical properties

General Information

Appearance

Form

Colour

Odour

Odour threshold

Relative Density

Refractive Index

Flash Point (°C)

Solubility in Water @ 20°C

Liquid

Light Yellow-Greenish Yellow

Characteristic, floral

Not determined.

0.890-0.912 @ 20°C

1.456-1.466 @ 20°C

75°C

Insoluble in water, Soluble in ethanol

9.2 Other information

No further relevant information available.

10. Stability and Reactivity :

10.1 Reactivity

10.2 Chemical stability

10.3 Possibility of hazardous reactions

10.4 Conditions to avoid

10.5 Incompatible materials

10.6 Hazardous decomposition products

Presents no significant reactivity hazards, by itself or in contact with water. Stable under normal temperature and storage conditions and recommended use.

Stable under suggested storage conditions (<15°C).

Not expected under normal conditions of use.

Storage at high temperatures. Do not store above 15°C. Avoid heat, flames and other sources of ignition.

Avoid concentrated acids, alkalis & oxidizing agents.

Thermal decomposition / conditions to be avoided: no decomposition if used according to specifications.

Dangerous decomposition products: carbon monoxide and unidentified organic compounds may be formed during combustion.

11. Toxicological Information :

11.1 Information on toxicological effects

Acute toxicity

No Data

12. Ecological Information :

12.1 Toxicity

Do not leave the product, even diluted or in great quantity, penetrate the ground water, Water or the drains.

12.2 Persistence and degradability

No Data

12.3 Bioaccumulative potential

No Data

12.4 Mobility in soil

No Data

12.5 Results of PBT and vPvB assessment

No Data

12.6 Other adverse effects

Do not allow product to enter streams, sewers or other waterways.

13. Disposal Methods :

13.1 Waste treatment methods

Recommendation

Always recover the spilled product. Discard waste material with authorized waste management services. Act in accordance with local & national waste regulations.

14. Transport Regulations :

14.1 UN-Number

Not Registered

14.2 UN proper shipping name

None

14.3 Transport hazard class(es)

Not Regulated

14.4 Packing group

None

14.5 Environmental hazards

None

14.6 Special precautions for users

None

14.7 Transport in bulk according to Annex II of Marpol 73/78 and the IBC Code

No Additional Data.

15. Regulatory Information :

15.1 Product-specific safety, health & environmental regulations & legislation

EU Directives

Statutory Instruments

Approved Code of Practice

Guidance Notes

15.2 Chemical Safety Assessment

Regulation (EC) No 1907/2006 of the European Parliament and of the council of 18th December 2006. Concerning the registration, evaluation, authorization & restriction of chemicals (REACH), establishing a European Chemicals Agency, amending Directive 199/45/EC and repealing council regulation (EEC) No793/93 & commission regulation (EC) No1488/94 as well as council directive 76/769/EEC & commission directive 91/155/ECC, 93/67/ECC, 93/105/EEC & 2000/21/EC (including amendments).

The Chemicals (Hazard Information & Packaging for Supply Regulations 2009 (S.I.2009 No 716).

Classification & labeling of substances & preparations dangerous for supply. Safety data sheets for substances & preparations.

Workplace exposure limits EH40. CHIP for everyone HSG 108.

Assessment has not been carried out as this is a non-hazardous material according to article 31 of REACH 1907/2006.
