Section 16 (Other Information)

3.3 Other Hazards

Adverse physiochemical properties

Adverse effects on human health

Pbt or vpvb according to Annex XIII

May cause an allergic skin reaction.

Causes serious eye damage.

Toxic to aquatic life with long lasting effects.

Contaminated work clothing should not be allowed out of the workplace.

Avoid release to the environment.

Wear protective gloves/protective clothing/eye protection/face protection.

Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Dispose of contents/container to.

Risk & Safety phrases in full.

Toxic to aquatic life.

May be harmful if swallowed may be harmful in contact with skin.

No data

4. First Aid Measures :

4.1 Description of first aid measures

General Information

After inhalation

After Ingestion

After skin contact

After Eye Contact

Always remove contaminated clothing immediately.

Get medical attention immediately. remove from exposure site to fresh air, keep at rest, and obtain medical attention.

Get medical attention immediately. Rinse mouth with water and obtain medical attention.

Remove contaminated clothes. wash thoroughly with soap and water contact the physician if irritation persists.

Flush immediately with water for at least 15 minutes. Contact physician if symptoms persist.

4.2 Most important symptoms and effects, both acute and delayed

Inhalation

Ingestion

Skin contact

Eye contact

Causes slightly headache

No data

Cause slightly skin rash

Cause bloodshot eyes

4.3 Indication of any immediate medical attention and special treatment needed

First aid specific means : Eye wash fountain/safety shower should be available in the work area.

5. Fire Fighting Measures :

5.1 Extinguishing media

Suitable extinguishing agents

5.2 Special hazards arising from the substance or mixture

5.3 Advice for fire-fighters:

Special protective equipment for fire-fighters

Foam, Co2, Dry Chemical Powder.

Burning produces irritating, toxic, and obnoxious fumes.

Wear positive-Pressure self-Contained breathing apparatus (scba) and appropriate protective clothing.

6. Accidental Release Measures :

6.1 Personal precautions, protective equipment and emergency procedures

6.2 Environmental precautions

6.3 Methods and material for containment and cleaning

6.4 Reference to other sections

Ensure adequate ventilation of the working area, evacuate personnel to a safe area, wear suitable protective equipment. no smoking, sparks, flames, or other sources of ignition near spillage. avoid contact with skin, eyes, and clothing.

Do not discharge into drains, watercourses, or onto the ground and dispose of in line with local authority guidelines.

Remove ignition sources. provide adequate ventilation. avoid excessive inhalation of vapors. Contain spillage immediately by use of sand or inert powder. dispose of according to local regulations.

Refer & consider section 8. Refer & consider section 13.

7. Handling and Storage :

7.1 Precautions for safe handling

7.2 Conditions for safe storage, including any incompatibilities

7.3 Specific end use(s)

Handle in accordance with good hygiene and safety practices. Keep away from heat, sparks, open flames, and hot surfaces. no smoking. use personal protective equipment as required. Use in accordance with good manufacturing and industrial hygiene practices. Use in areas with adequate ventilation do not eat, drink or smoke when using this product.

Flammable liquid storage. store only in the original receptacle. keep container tightly sealed. keep in cool, dry, ventilated storage and closed containers. keep away from heat.

RISK MANAGEMENT METHODS (RMM)

The information required is in this material safety data

8. Exposure Control / Personal Protection :

Additional information about the design of technical systems

8.1 Control parameters

Components with limit values that require monitoring at the workplace

8.2 Exposure controls

Eye Protection

Hand Protection

Respiratory Equipment

No further data; see item 7.

No exposure limits noted for ingredient(s).

Wear protective gloves/eye protection/face protection. Avoid contact with eyes. Wear approved safety goggles. (en166)

Avoid contact with skin. Wash hands before breaks and at end of work. Wear protective gloves. Din/en374. The glove material has to be impermeable and resistant to the product/ the substance/ the preparation. Penetration time of glove material: the exact break through time has to be found out by the manufacturer of the protective gloves and has to be observed.

Do not inhale gases / fumes / aerosols. Certified respiratory protective device recommended

Hygiene Measures

Engineering Measures

Skin protection

Personal protection

Other protection

Process conditions

Environmental exposure controls

Good personal hygiene practices are always advisable, especially when working with chemicals/oils.

Provide adequate ventilation.

Wear protective clothing to reduce the risk of skin and eye contact.

Avoid inhalation of the product. avoid contact with skin and eyes.

Wear suitable protection to avoid contact with skin and eyes. do not inhale vapors.

Ensure the area is well ventilated. avoid vapor inhalation. safety shower & eye bath.

Avoid discharging into drainage water.

9. Physical & Chemical Properties :

9.1 Information on basic physical and chemical properties

General Information

Appearance

Form

Colour

Odor

Odor threshold

Relative Density

Refractive Index

Flash Point (°C)

Solubility in Water @ 20°C

Liquid

Yellow - Amber

Characteristic, fresh & floral.

No data

0.866 to 0.880 @ 20°C

1.468 TO 1.474 @ 20°C

61° C

Insoluble in water.

9.2 Other information

No further relevant information available.

10. Stability and Reactivity :

10.1 Reactivity

10.2 Chemical stability

10.3 Possibility of hazardous reactions

10.4 Conditions to avoid

10.5 Incompatible materials

10.6 Hazardous decomposition products

No data

Stable under suggested storage conditions (<15°C).

No dangerous reactions known.

Storage at high temperatures. Do not store above 15°C.

Avoid contact with strong acids, alkalis or oxidising agents.

This product does not decompose under normal conditions. Under fire conditions, the product will produce a mixture of irritating Carbon Dioxide, fumes & smoke.

11. Toxicological Information :

11.1 Information on toxicological effects

Acute toxicity

Primary irritant effect

On the skin

On the eye

Sensitization

Germ cell mutagenicity

No Data

May cause an allergic reaction by skin contact.

May have irreversible effects on the eyes, such as tissue damage in the eye, or serious physical decay of sight

May cause an allergic skin reaction

No Data
