2. Composition/ information on Ingredients :

Composition
Chemical Identity

Myristica Fragrans Fruit Oil
Liquid

3. Hazards Identification :

3.1 Classification of the substance or mixture

Classification according to regulation (67/548/eec)

No additional data available.

Classification according to regulation (EU1272/2008)

Physical hazards flam. Liq. 3 - H226
Health hazards skin irrit. 2 - H315 skin sens. 1 - H317 asp. Tox. 1 - H304
Environmental hazards aquatic chronic 2 - H411.

3.2 Label Elements

Labeling according to Regulation (EC) No 1272/2008

GHS Label
Signal Word
Contains

GHS07 , GHS08 ,GHS09 ,GHS02
Danger
Sabinene, alpha-pinene, beta-pinene, d-limonene, safrole.

Hazard Statement

H226
H302
H304
H315
H317
H319
H341
H350
H361
H410

Flammable liquid and vapour.
Harmful if swallowed.
May be fatal if swallowed and enters airways.
Causes skin irritation.
May cause an allergic skin reaction.
Causes serious eye irritation.
Suspected of causing genetic defects.
May cause cancer.
Suspected of damaging fertility or the unborn child.
Very toxic to aquatic life with long-lasting effects.

Precautionary Statements

P210

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.
Ground and bond container and receiving equipment.

Supplementary Precautionary Statements
P264

Section 16 (Other Information)

3.3 Other Hazards

Adverse physicochemical properties
Adverse effects on human health
Pbt or vpvb according to Annex XIII

Use non-sparking tools.
Take action to prevent static discharges.
Avoid breathing vapours/spray.
Avoid release to the environment.
Wear protective gloves/protective clothing/eye protection/face protection.
Immediately call a poison center/doctor.
Take off immediately all contaminated clothing. Rinse skin with Water.
Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
Get medical advice/attention.
Do not induce vomiting.
Get medical advice/attention.
Use carbon dioxide, dry chemical, foam to extinguish.
Collect spillage.
Dispose of contents in accordance with local, state or national legislation.

Wash hands and exposed skin thoroughly after handling.

Risk & Safety phrases in full.

No data
No data
No data

4. First Aid Measures :

4.1 Description of first aid measures

General Information
After inhalation

After Ingestion

After skin contact

After Eye Contact

Always remove contaminated clothing immediately.
Get medical attention immediately. Remove from exposure site to fresh air, keep at rest, and obtain medical attention if symptoms are severe or persist.
Get medical attention immediately. Remove from exposure site to fresh air, keep at rest, and obtain medical attention if symptoms are severe or persist.
Remove contaminated clothes. Wash thoroughly with soap and water.
Contact physician if irritation persists.
Flush immediately with water for at least 15 minutes. Contact physician if symptoms persist.

4.2 Most important symptoms and effects, both acute and delayed

No data

4.3 Indication of any immediate medical attention and special treatment needed

Treat symptomatically

5. Fire Fighting Measures :

5.1 Extinguishing media Suitable extinguishing agents

Foam, Co2, Dry Chemical Powder.

5.2 Special hazards arising from the substance or mixture

Burning produces irritating, toxic, and obnoxious fumes

5.3 Advice for fire-fighters: Special protective equipment for fire-fighters

Wear positive-Pressure self-Contained breathing apparatus (scba) and appropriate protective clothing.

6. Accidental Release Measures :

6.1 Personal precautions, protective equipment, and emergency procedures

Ensure adequate ventilation of the working area, evacuate personnel to a safe area, wear suitable protective equipment. no smoking, sparks, flames, or other sources of ignition near spillage. avoid contact with skin, eyes, and clothing.

6.2 Environmental precautions

Do not discharge into drains, watercourses, or onto the ground. dispose of in line with local authority guidelines.

6.3 Methods and material for containment and cleaning up

Absorb with liquid binding material e.g. sand, diatomaceous earth. collect in closed and suitable containers for disposal. prevent any material from entering drains or waterways. wash spill site after removal with a detergent

6.4 Reference to other sections

Refer & consider section 8,7,4,13

7. Handling and Storage :

7.1 Precautions for safe handling

Handle in accordance with good hygiene and safety practices. Keep away from heat, sparks, open flames, and hot surfaces. - no smoking. use personal protective equipment as required. Use in accordance with good manufacturing and industrial hygiene practices. Use in areas with adequate ventilation do not eat, drink or smoke when using this product.

7.2 Conditions for safe storage, including any incompatibilities

Storage
Keep the product container tightly closed, in a dry, ventilated area. Keep away from potential sources of ignition and protected from light. Maintain limited contact with oxygen.

7.3 Specific end use(s)

No further relevant information available.

8. Exposure Control / Personal Protection :

Additional information about the design of technical systems

8.1 Control parameters

Components with limit values that require monitoring at the workplace
Additional information

No further data; see item 7.

8.2 Exposure controls

Eye Protection
Hand Protection
Respiratory Equipment

Hygiene Measures

Engineering Measures
Skin protection
Personal protection
Other protection

Process conditions

Environmental exposure controls

Not available

The lists that were valid during the creation were used as a basis.

Wear protective gloves/eye protection/face protection.
Wear protective gloves/eye protection/face protection.
Generally unnecessary in a well ventilated area.
If ventilation is insufficient, respiratory protection must be worn.
Good personal hygiene practices are always advisable, especially when working with chemicals / oils.

Provide adequate ventilation or respiratory protection.
Wear protective clothing to reduce the risk of skin and eye contact.
Avoid inhalation of products. Avoid contact with skin and eyes.
Wear suitable protection to avoid contact with skin and eyes. Do not inhale vapours.

Ensure area is well ventilated. Avoid vapour inhalation. Safety shower & eye bath.

Avoid discharge into drainage water.

9. Physical & Chemical Properties :

9.1 Information on basic physical and chemical properties

General Information

Appearance

Form

Colour

Odour

Odour threshold

Relative Density

Refractive Index

Flash Point (°C)

Solubility in Water @ 20°C

Liquid
Pale Yellow
Characteristic, Nutmeg
No data
Approx. 0.882 @ 20° C
1.474 - 1.488 @ 20°C
43° C
Insoluble in water.

9.2 Other information

No data

10. Stability and Reactivity :

10.1 Reactivity

10.2 Chemical stability

10.3 Possibility of hazardous reactions

10.4 Conditions to avoid

10.5 Incompatible materials

10.6 Hazardous decomposition products

Presents no significant reactivity hazards, by itself or in contact with water. Stable under normal temperature and storage conditions and recommended use.

Stable under suggested storage conditions (<15°C)

Not expected under normal conditions of use.

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. Prevent storing the product in open containers for long periods so as to prevent the formation of peroxides and product deterioration.

Avoid contact with strong acids, alkalies or oxidising agents.

Not expected under normal temperature conditions and recommended use.

Thermal decomposition may release/form oxides of carbon (carbon monoxide, carbon dioxide) and other.

11. Toxicological Information :

11.1 Information on toxicological effects

Acute toxicity

Primary irritant effect

On the skin

On the eye

Sensitization

Germ cell mutagenicity

Carcinogenicity

Reproductive toxicity

Additional toxicological information

STOT – single exposure

STOT – repeated exposure

Aspiration hazard

Other information

Harmful if swallowed

Causes skin irritation

Causes serious eye irritation

May cause an allergic skin reaction

Suspected of causing genetic defect.

May cause cancer.

Suspected of damaging fertility or the unborn child.

Not Applicable

Not Applicable

May be fatal if swallowed and enters airways (h304). Gas or vapour in high concentrations may irritate the respiratory system.

Not Applicable

12. Ecological Information :

- 12.1 Toxicity
- 12.2 Persistence and degradability
- 12.3 Bioaccumulative potential
- 12.4 Mobility in soil
- 12.5 Results of PBT and vPvB assessment
- 12.6 Other adverse effects

Very toxic to aquatic life with long lasting effects.

No Data

No Data

Do not allow product to enter streams, sewers or other waterways.

13. Disposal Methods :

13.1 Waste treatment methods

Recommendation

Waste

Soiled packaging

Do not allow entry into drains or waterways.

Waste: Waste management is carried out without endangering human health, without harming the environment and, in particular without risk to water, air, soil, plants or animals. Recycle or dispose of waste in compliance with current legislation, preferably via a certified collector or company. Do not contaminate the ground or water with waste. Do not dispose of waste into the environment.

Soiled packaging: Empty container completely. Keep label(s) on container.

Dispose of via a certified disposal contractor.

14. Transport Regulations :

14.1 Shipping Name

UN Number

Packing group

Special precautions for user

Transport in bulk according to annex II of MARPOL73 & the IBC code

Other information

Flammable liquid and vapour.

Harmful if swallowed.

May be fatal if swallowed and enters airways.

Causes skin irritation.

May cause an allergic skin reaction.

Causes serious eye irritation.

May cause drowsiness or dizziness.

Suspected of causing genetic defects.

May cause cancer.

Suspected of damaging fertility or the unborn child

Very toxic to aquatic life.

Very toxic to aquatic life with long lasting effects.

Toxic to aquatic life with long lasting effects.

Refer to possible hazards before use of this product.

Whilst Evaz International gives the above advice in good faith, it is not intended to be a substitute for customers' own testing to ascertain good safety procedures.

These regulations were designed for handling bulk products and to readily identify Toxic & Safety Data. Safety information is under continuous review.

This MSDS is intended to provide a brief summary of our knowledge and guidance regarding the use of this material. The information contained here has been compiled from sources considered to be dependable and is accurate to the best of the Company's knowledge.
