Chem/IUPAC Name : Hamamelis Virginiana Leaf Extract is the extract of the leaves of the Witch hazel, Hamamelis virginiana L., Hamamelidaceae.

HAMAMELIS VIRGINIANA LEAF EXTRACT is classified as :

- Skin conditioning

Witch hazel has many benefits for skin, including relieving inflammation, tightening pores, and helping with razor bumps. It may also help reduce acne, since it can cleanse your skin of excess oil. It is used as astringents which can tighten the skin. The tannins (a class of astringent molecules) are thought to be effective when applied directly to the skin to reduce swelling, help repair broken skin, and fight bacteria.
