

1. Product Name and Company Identification :

Product Name
Product Use

Extract Expert™ CO2 Vetiver Oil
Skin Conditioning Agent, Food/Beverage Additives, Cosmetic Application,
Wellness, Perfumery.

CAS No
HSN No

8016-96-4 / 84238-29-9
33012990

Company Name
Company Address

Evaz International
A1008, 10th Floor, PRIVILON, Opp. ISKCON Temple, Bopal-Aambli Road,
Ahmedabad, Gujarat, INDIA.

First Date Issued
Date Issued

2019/01/22
2021/03/27

Emergency Telephone Number

079-40397289

2. Composition/ information on Ingredients :

Composition
Chemical Identity

Vetiveria Zizanoides Root Oil
Brown Viscous Liquid

3. Hazards Identification :

**3.1 Classification of the substance
or mixture**
**Classification according to regulation
(EU1272/2008)**

Physical and chemical hazards not classified
Human health skin sens.1 - h317
Skin corrosion/irritation causes skin irritation - category 2
Skin sensitization may cause an allergic skin reaction - category 1
Serious eye damage/eye irritation causes serious eye irritation - category 2/2a
Environment not classified

3.2 Label Elements
**Labeling according to Regulation
(EC) No 1272/2008**

GHS07
Danger
Vetyverol, eugenyl acetate

GHS Label
Signal Word
Contains

Hazard Statement
H315
H317
H319

Causes skin irritation.
May cause an allergic skin reaction.
Causes serious eye irritation.

Precautionary Statements

P280

P302+P352 if on skin

P305+P351+P338 if in eyes

P333+P313

P337+P313

Supplementary Precautionary Statements

Section 16 (Other Information)

Wear protective gloves/protective clothing/eye protection/face protection.
Wash with plenty of soap and water.
Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing.
Get medical advice/attention.
Get medical advice/attention.

No additional data available.
Risk & Safety phrases in full.

3.3 Other Hazards

Adverse physicochemical properties

Adverse effects on human health

Pbt or vpvb according to Annex XIII

No data
No data
No data

4. First Aid Measures :

4.1 Description of first aid measures

General Information

After inhalation

After Ingestion

After skin contact

After Eye Contact

Always remove contaminated clothing immediately.
Remove affected person from source of contamination. Get medical attention if any discomfort continues.
Do not induce vomiting. Rinse mouth thoroughly with water. Get medical attention if any discomfort continues.
Remove contaminated clothes. Wash thoroughly with soap and water. Contact physician if irritation persists.
Flush immediately with water for at least 15 minutes. Contact physician if symptoms persist.

4.2 Most important symptoms and effects, both acute and delayed

None

4.3 Indication of any immediate medical attention and special treatment needed

None

5. Fire Fighting Measures :

5.1 Extinguishing media

Suitable extinguishing agents

Foam, Co2, Dry Chemical Powder.

5.2 Special hazards arising from the substance or mixture

Burning produces irritating, toxic, and abnoxious fumes.

5.3 Advice for fire-fighters:

Special protective equipment for fire-fighters

Wear positive-Pressure self-Contained breathing apparatus (scba) and appropriate protective clothing.

6. Accidental Release Measures :

6.1 Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation of the working area, evacuate personnel to a safe area, wear suitable protective equipment. no smoking, sparks, flames, or other sources of ignition near spillage. avoid contact with skin, eyes, and clothing.

6.2 Environmental precautions

6.3 Methods and material for containment and cleaning

6.4 Reference to other sections

Do not discharge into drains, watercourses, or onto the ground and dispose of in line with local authority guidelines.

Remove ignition sources. provide adequate ventilation. avoid excessive inhalation of vapours. contain spillage immediately by use of sand or inert powder. dispose of according to local regulations.

Refer & consider section 8.

7. Handling and Storage :

7.1 Precautions for safe handling

7.2 Conditions for safe storage, including any incompatibilities Storage

7.3 Specific end use(s)

Handle in accordance with good hygiene and safety practices. Keep away from heat, sparks, open flames, and hot surfaces. no smoking. use personal protective equipment as required. Use in accordance with good manufacturing and industrial hygiene practices. Use in areas with adequate ventilation do not eat, drink or smoke when using this product.

Keep the product container tightly closed, in a dry, ventilated area. Keep away from potential sources of ignition and protected from light. Maintain limited contact with oxygen.

No further relevant information available.

8. Exposure Control / Personal Protection :

Additional information about the design of technical systems

8.1 Control parameters

No further data; see item 7.

No exposure limits noted for ingredient(s).

Wear protective gloves/eye protection/face protection.

Wear protective gloves/eye protection/face protection.

None.

Wear protective clothing to reduce the risk of skin and eye contact.

Avoid inhalation of the product. Avoid contact with skin and eyes.

Wear suitable protection to avoid contact with skin and eyes. Do not inhale vapours.

Ensure area is well ventilated. Avoid vapour inhalation. Safety shower & eye bath.

Avoid discharging into drainage water. Only eliminate by authorised companies.

Good personal hygiene practices are always advisable, especially when working with chemicals / oils.

Provide adequate ventilation.

Insoluble in water, Freely soluble in ethanol.

9.2 Other information

No further relevant information available.

10. Stability and Reactivity :

10.1 Reactivity

10.2 Chemical stability

10.3 Possibility of hazardous reactions

10.4 Conditions to avoid

10.5 Incompatible materials

10.6 Hazardous decomposition products

No hazardous reactions if stored and handled as prescribed / indicated.

Stable under normal temperature conditions and recommended use. Chemically stable. This material presents no significant reactivity hazard.

Not expected under normal conditions of use.

Avoid sparks, flame and other heat sources.

Avoid bases, strong acids and strong oxidizing agents.

This product does not decompose under normal conditions. Under fire conditions the product will produce a mixture of irritating fumes & smoke & carbon monoxide.

11. Toxicological Information :

11.1 Information on toxicological effects

Acute toxicity

Primary irritant effect

On the skin

On the eye

Sensitization

Germ cell mutagenicity

Carcinogenicity

12. Ecological Information :

12.1 Toxicity

12.2 Persistence and degradability

12.3 Bioaccumulative potential

12.4 Mobility in soil

12.5 Results of PBT and vPvB assessment

12.6 Other adverse effects

Toxic to aquatic organisms, may cause long term adverse effects in the aquatic environment.

Generally biodegradable..

Unlikely to bio accumulated. Contaminated water must be cleared before entering sewerage.

Very low water solubility and will form a surface film.

No Data

Do not allow product to enter streams, sewers or other waterways.

13. Disposal Methods :

13.1 Disposal Instructions

13.2 Local Disposal Regulations

13.3 Hazardous

13.4 Waste Treatment

13.5 Precautions

13.6 Contaminated Packaging

Do not discharge into drains, water courses or onto the ground. Do not allow this material to drain into sewers/water supplies. Do not contaminate ponds, waterways or ditches with chemical or used container. Dispose of contents/container in accordance with local/regional/national/international regulations.

Dispose in accordance with all applicable regulations.

Waste code not established.

Methods empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: disposal instructions).

Prevent surface contamination of soil, ground and surface water.

Empty containers should be taken to an approved waste handling site for recycling or disposal. Since emptied containers may retain product residue, follow label warnings even after container is emptied. Containers should be emptied as completely as practical before disposal. If possible, recycle containers.
